

Travel Summary – All Trips and Day Trips

07 Local Parks and Other Units

Here I list local parks and other comparable units that I have been to in my travels, both domestic and abroad. They are typically administered by city or county governments, but may be administered by other quasi-governmental agencies, utilities and in some cases private businesses. These include traditional parks, plazas, town squares, park-like scenic viewpoints, tribal parks, beaches, zoos, botanical gardens, locally-managed off highway vehicle areas, nature preserves and some historical sites. These also include sculpture gardens, although sculpture gardens affiliated with art museums are also listed under *09 Museums*.
